

List of alternatives to Single Use Plastic for food & beverages

Choose packaging that lasts as long as it's needed, not forever in Nature.

Be part of the shift away from offering unnecessary plastic as straws & lids or treats (sweets or cookies) wrapped in plastic.

Some suppliers have been listed below. Ask your supplier to source alternatives and work with neighbouring businesses to order in bulk and reduce costs.

Straws	Alternatives	Suppliers
	Paper 6mm unwrapped from FSC certified paper	www.greenhome.co.za
	Coloured paper 6mm & 8mm	www.enviromall.co.za
